

**Face Recognition • Entry Control  
Parking Management**

**Person Counting • Tracking • Traffic  
Conference Room Monitoring • Safety**

**Voice Control • Suspicious Sound  
KWS • Voice Based Entry**

**Retrofit • Add Sensors as Needed • 2 Yr. Battery Powered • Enhance Security**

**Enhanced Employee Safety.** Trusted employee entry control and area monitoring. Acoustic disruption monitoring (angry voices). Person tracking.

**Longer Battery Life.** Operates for two years in a busy environment on 4xAA batteries vs our closest competitor at 80xAA batteries.

**Retrofit Capable.** Modular Wifi/Bluetooth network. Add on as needed.

**No Central Hub.** Also compatible with 3<sup>rd</sup> party Bluetooth based devices.

**Comprehensive Building Automation**

**Analytics.** Track resource usage such as conference rooms, exercise facilities, hygiene.

**Traffic Analysis.** Produces heat maps and customized building use analytics.

**Cost Savings.** Heating and cooling responsive to occupancy and directed at occupants.

**Delivery Monitoring.** Protect packages. Ensure packages are received by correct employee.

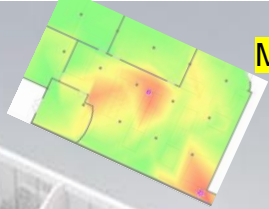

**Parking & Lot Management.** Parking analytics & management. Vehicle intrusion monitoring. Employee tracking to their car. Trusted license plate monitoring.
